COMPUTER SCIENCE GRADUATE | DIGITAL ENGINEERING STUDENT

Software development | Full-stack/backend | Digital engineering

PROFESSIONAL SUMMARY

Third-year Digital Engineering student and Computer Science graduate with project-based experience in full-stack web development, AI/ML development, and strong foundation of other technical skills. Along with leadership, hardware and customer service experience. I have a strong interest in innovation, sustainability and inclusion. I am open to software and full-stack, or digital engineering internship.

SELECTED PROJECTS

Real Estate Management System

Team project | Next.js, TypeScript, NestJS, PostgreSQL, JWT | 2025

- Contributed to registration, role-based dashboards, authentication, property listings, and frontend-API integration across separate team repositories.
